A screenshot of the JDownloader application window. The window title is "JDownloader". The interface shows a list of files in a table with columns: Name, Save to, Size, Hoster, and Availability. The files listed are "jstock-1.0.6w-setup.exe", "Waterfox 16.0.1 Setup.exe", and "wxWidgets-2.9.4.zip". To the right of the table is a "Views" panel with sections for "Custom Views", "File Types", "Hoster", and "Quick Settings". The "Quick Settings" section includes options like "Add at top", "Auto confirm", "Autostart Download", and "Global Link Filter". At the bottom of the window, there is a status bar that says "2 download(s) running (2 connections)".
