About This Game

Little Big Adventure 2, also known as Twinsen's Odyssey is the sequel of Little Big Adventure (also known as Relentless: Twinsen's Adventure) in which you've liberated the world from its evil dictator.

In this new adventure, he finds out that there are some visitors from outer space who arrived on his planet. Nobody knows why they came but our hero embarks out on a quest for the good once again. He needs to travel across the galaxy, defeat the aliens and their evil god to save the world.

Like its predecessor, Little Big Adventure 2 is an adventure game with action elements, a well-written story, memorable characters and a lot of humor.

- 6 languages available: Audio and Text: English, German, French - Text: Spanish, Italian, portuguese
- A sequel to Relentless: Twinsen's Adventure
- A memorable adventure
- A great soundtrack

English,French,Italian,German,Portuguese

With an excellent soundtrack, creative story, and graphics that represent some of the best of 1997, this is well worth having a look at (or returning to after many years !). The game functions fine as a standalone title, delivering improved gameplay and graphics over its predecessor with thematic events, puzzles, and locations that amount to a generally engaging experience.

Movement mechanics are somewhat (okay very) wonky by today's standards, and the camera leaves a bit to be desired, but this is an under-rated adventure game that's well deserving of a place in classic PC game canon.

Highly recommended.. I first played this game in 97 when I was 5, my first experience at home playing a game on a computer. 22 years and its still fantastic!!. Nostalgia from childhood! Great game with great story.
